Respected Sir/Madam,

My team and I are writing to request approval for a Tech Quiz as a part of NOVUS 2026. The preparations for NOVUS 2026 are already well underway by every single club within the KLH SAC Activity centre. Our club, AI Prompting would like to carry on this tradition and conduct a Tech Quiz for interested attendees. The administration expects a record-breaking turnout in this year's edition, so it would not only boost the club's reputation, but will also make sure every single attendee is given a reason to properly explore the activities of this edition. We would like to hold the Quiz in Room 301. It will be a digital quiz that the team will host on Kahoot. Since our syllabi for this quiz is vast, the team intends to make over 100 unique quizzes to make sure that the quiz always has participation until the end of the event. We have also collaborated with the Arts & Crafts club to create handmade necklaces, pendants and various other trinkets. The quiz has a participation fee of ₹ 50/-. We intend to offer these trinkets as prizes to the winners and runner-ups.

We kindly request your permission to proceed with our plans, as well as to let us use Room 301 as our dedicated quiz conducting space. Please let us know if any changes or grievances need to be cleared up.

Thank you for your time and consideration.
Warm Regards,
Team B AI Prompting KLH SAC Activity Center
